

Mississippi Valley Flood Control Association

FLOOD CONTROL • NAVIGATION • BANK STABILIZATION • DRAINAGE

The MVFCA is the strong, consistent voice from eleven states of connected local people who own homes, land and businesses that deliver world-envied productivity with unmatched efficiency along a super water highway with strategically located on-ramps. The economic engine that feeds the world depends on a flood control system that enables reliable business, land productivity, and water commerce.

Protect - Produce - Provide

The People of the Mississippi Valley Flood Control Association

*Because of our concern for America's citizens and people around the world we **Protect**.*

We understand, depend on, and protect our resources as we enjoy the global economic advantages of reliable Flood Control for our people, land, and businesses.

*Because of reliable Flood Control we can **Produce**.* We produce and transport from the rich God-given Alluvial Empire that exists in the Mississippi River Valley in a manner that is unmatched in the world.

*Because of the world-envied productivity of our people and land we **Provide*** food and essential products at a price our Nation and other countries can afford.

Protection, Production and Provision make our young nation an essential ally for many countries.
